WARNING: If you use version 1.7 of QSWAT on a project developed with an older version of QSWAT, then the reference database stored in the project directory will need updating.

1. [swat](#)
2. [swat cast](#)
3. [swat movie](#)

There are two ways to do this: • After installing QSWAT 1.7 you can copy the new reference database C: SWAT SWATEditor Databases QSWATRef2012..6 rather than 2.8 From now on we will use Program Files as a folder name, even though it will be Program Files (x86) on a 64-bit machine.. • Install in its standard place C: SWAT SWATEditor • Refer to Appendix I of the QSWAT Manual for help updating a database.
